ACADEMIC REQUIREMENTS

The curriculum is organised into four semesters. The students are exposed to a variety of theory courses as well as tutorials and practicals for hands-on training. The students will undergo 84 credits to complete the MBA Programme. The semester-wise distribution of courses and workshops is indicated in Table 1.

Typically, a full course is of two credits involving 30 hours of teaching. The courses may also be sometimes of three or four credits depending on the content. The courses may have tutorial /practical/self-work or field work components for hands on training. The courses are divided into various categories to ensure all-round development of the student and providing adequate breadth and depth of knowledge. The courses are divided into categories such as General Core, Programme Core, Labs, Practical's and Project Work. and Electives. Apart from that there are Mandatory, Massive Online Open Courses (MOOC) and Project centric learning courses as part of the curriculum to inculcate habit of life-long learning.

General Core

These are the subjects mainly from Management area to provide students with the tools to apply management principles to business. It will enable the students to understand the management principles, business environment and help them in decision making. It provides them with not only principles and frameworks but also provides them with qualitative and quantitative techniques to analyse.

Domain Core/Electives

These are the subjects related to the domain of business. These subjects provide the students with complete understanding of the activities and processes involved in the business from the conceptual stage to completion stage. They will provide insights into various aspects of general business alongside give an understanding on the core aspects of entrepreneurship and family business management.

Massive Online Open Courses (MOOC)

The students will be allowed to pursue different sets of courses from a basket of courses identified by NICMAR Business School with the objective to enhance their skills in multidisciplinary domains. These courses would foster innovation and inclusivity in the students.

Work Based Learning Project

Project Work is an independent requirement and carries 10 credits. The student is expected to work on a problem from the industry or a research proposal where the student will have to apply the knowledge acquired during his/her study. The students are also given a choice to take up an Innovation, Entrepreneurship & Venture Development Integrated Project Work to develop an innovative business idea and produce a prototype. The student will be allotted a guide by the University. The major components of the project work are Project Seminar, Project Interim and Project Final Assessment.

Summer Internship (Ability Enhancement)

As part of the curriculum, each student has to undergo supervised field training with a reputed manufacturing or service business house/infrastructure project company/ financial institution/consulting/development firm for 8 to 10 weeks. During this period, they may be trained in digital and management practices e.g., planning, execution, progress assessment, site management, reporting, software etc. Alternately, they may undergo training in consultancy, feasibility and market research assignments. The training being on the job, the student is also expected to perform certain regular duties as may be felt fit by the respective organisation.

Organisations for practical training are carefully selected from among the reputed firms. Based on their performance, students may receive Pre-Placement Offers (PPO). Essentially, the university is looking for meaningful and supervised work experience for its students. Students may opt for working on assignment-based project topic. At the end of summer internship, students are required to submit a report and make a presentation to the faculty assigned.

Immersion Programme (Ability Enhancement)

A student is required to complete one immersion programme during the course. The course on business and social immersion aims at inculcating the entrepreneurship spirit in the student by requiring a business idea to be floated and developed both conceptually as well as in the form of a prototype, with an added sense of community service.

Component	Weightage (%)
Class Room Teaching	70%
Lab Practical Seminar	26%
MOOC	4%

PEDAGOGY

NICMAR University believes that the method of instruction to maximise learning may vary from course to course, and therefore, uses a host of pedagogical approaches in different courses such as case studies, lectures, group and individual exercises, class projects and simulation of business environment to enrich the overall programme delivery. Site visits are organised as and when required. Depending on the type of the course, the total credits in the courses are further classified in Lecture (L), Tutorial (T) and Practical (P). In the lecture sessions, the students are familiarized with concepts and knowledge pertaining to the course. The tutorial components aid the students in better understanding of the concepts through problem solving, case analysis or hands on practice. The practical component is designed for exclusive hands-on training. In addition, there are Ability Enhancement courses and self-study courses in which the students are expected to explore new concepts and develop their skills and understanding through open courses or other activities which are recognized by NICMAR Business School. The courses will be mentored by internal faculty members to allow an immersive learning experience for the students.

ASSESSMENT

i. Course Examination

The course examination comprises two parts: Term end examination and Continuous Internal Assessment. The weightage for the same is given below.

Evaluation	Weightage (%)
Term End Examination	50
Continuous Internal Assessment	50

Certain courses may be evaluated entirely on the basis of Continuous Internal Assessment.

ii. Failure Cases

NICMAR University's programmes are highly demanding to which students of a high calibre are admitted through a rigorous evaluation. It is therefore expected that no student fails process in any

subject or delays the submission of their project work without valid reasons. Students unable to score 40% marks in the internal and semester end examinations separately in a course will be declared failed in that course.

However, if any student fails to obtain the minimum passing marks in any subject, their overall result will be withheld. Such a student will have to re-appear for examination by paying the re-examination fee of Rs. 2000/- per subject in the next semester and obtain the minimum passing marks so as to qualify in the course.

Similarly, non-submission of project work on time is not acceptable. A candidate is not considered to have completed the programme unless they submit the project report and is judged as satisfactory by the guide and given the required ratings by the examiner/s appointed for the purpose.

If the students wish to get their examination paper/s re-evaluated, then this can be done on payment of the re-evaluation fees of Rs. 1000/- per paper.

iii. Grading System

Evaluation will be done on a semester basis. At the end of every semester, a Semester Performance Index (SPI) and Cumulative Performance Index (CPI) will be calculated. Students should clear all courses for meeting the requirements of the programme.

Grade	Grade points	Remark
O	10	Outstanding
A+	9	Excellent
A	8	Very Good
B+	7	Good
B	6	Above Average
C	5	Average
P	4	Pass
F	0	Fail
