Kurla West, Mumbai - 400 070**

PROGRAMME OVERVIEW

NICMAR Executive Education Mumbai is pleased to announce the 5-Day Executive Certificate Program on Construction Contracts, Cost Control & Claims Management.

This intensive 5-day programme covers the full financial and contractual lifecycle of a construction project, from BOQ preparation and rate analysis through to contract administration, variation management, and claims. It is a perennially high-demand programme across all project types and organisation types in India. The programme equips Civil Engineers, Quantity Surveyors, Contract Managers, Project Managers, Commercial Managers, Builders, Developers, and Contractors. It is ideal for professionals seeking to strengthen their capabilities in contractual and commercial management of projects.

Participants will gain practical mastery in preparing accurate BOQs, navigating FIDIC and Indian contract conditions, managing variations, drafting and defending EOT, cost claims, applying Earned Value techniques, and understanding dispute resolution pathways.
